

ADVANTAGES OF CARPET TILES

Today's modern office environments with open office systems are designed for flexibility to accommodate frequent layout changes. A modular floor can be quickly adapted to new requirements thereby reducing the cost of reorganisation. Where carpet tiles are installed, telephone, electrical and other under floor systems remain easily accessible for these changes to be made.

- ✓ Color coordinated for maximum design flexibility.
- ✓ Increased speed of installation.
- ✓ Installation wastage is reduced.
- ✓ Damaged or soiled tiles can be replaced.
- ✓ Wear rotation to extend flooring lifespan.
- ✓ Renovation with minimal disruption.
- ✓ Compatibility with access systems.

With all this flexibility, we're sure that whatever the specification, whatever the budget, you'll find exactly what you need in our carpet tile portfolio.
