Creating True Sparkles

MODERNA

Creating True Sparkle

MODERNA pattern is inspired by the interconnecting structures that make up the inspiring skyline of any modern city and captures the reflectivity of the architectural forms.

The designer uses tonal colors and contrast of bright highlights to give a very natural feeling within any interior space.

MODERNA provides 5 base colors and 6 accent colors that may be used in any of our recommended installation configuration. The colors are designed to be used to create inspired floors and complement inspiring interiors.
