About

Marco Polo delivers design-driven surfacing that blends beauty with durability, crafting realistic wood grains, vibrant patterns, and subtle textures for residential, commercial, and hospitality spaces; our collections marry timeless aesthetics with contemporary finishes to harmonize diverse décor, while we collaborate with architects, designers, and fabricators to tailor color, texture, thickness, and edge details, all guided by sustainability in sourcing, manufacturing, and packaging to balance responsibility with performance, and with a global reach and responsive service that helps you create spaces that are enduring, elegant, and effortless.

SPECIFICATION

Thickness: 1 MM (+/-10%) (Same as sample used in brochure)

Size: 1220 MM X 2440MM (8FT X 4FT)

UV Stability/Weather Resistance

This product is free from UV stabilizers, highlighting its environmental benefits. It supports effortless coloring while ensuring consistent mechanical properties across diverse use. The elastomer maintains its performance even at low temperatures, effectively addressing the drawbacks of conventional plastic materials.

Chemical Resistance

This material boasts excellent resistance to solvents, making it ideal for a variety of applications.

Full Body Core

(Single color material all over)

- There will be no guarantee or exchange under any circumstances
- Color variations in products from different batches are possible
- We recommend using products from same batch to avoid color variations
